GOAT GENETIC EXCELLENCE: 1917-2017**

MARK YOUR CALENDARS NOW AND PLAN TO ATTEND OUR CENTENNIAL CELEBRATION!

KEYNOTE SPEAKER: Dr. Paula Menzies, University of Guelph

Top five goat diseases and how to prevent them

Disease challenges can be very difficult for goat farmers to deal with on their farms. There are many possibilities of what it can be, but how do I know what it is? Dr. Menzies will present the Top Five goat diseases and how to prevent them. In addition, Dr. Menzies will also review two current goat projects underway in Ontario.

ANNUAL GENERAL MEETING

Our AGM will include Year in Review reports including CGS programs review and update, audited financial statements, presentation of Board of Directors, CGS award presentations and a special 100th anniversary slideshow!
